

NEBOSH National General Certificate

Business Safety Systems have been successfully running the NEBOSH National General Certificate for almost 10 years. During this period we have maintained an excellent relationship with NEBOSH and we are extremely proud of the outstanding level of success achieved by our candidates. All our tutors are safety professionals with experience in the requirements of the qualification awarding body.

Course aims

The NEBOSH National General Certificate is a qualification aimed at safety officers and anyone with responsibility for Health and Safety at work. It is not a qualification purely for Health and Safety specialists. No previous Health and Safety knowledge is required.

Course objectives

Upon completion of this course candidates will be able to:

- Have a good awareness of all types of workplace hazards and risks
- Implement a comprehensive Health and Safety management system
- Set practical Health and Safety objectives and be able to plan and implement means of achieving those objectives
- Carry out risk assessments and be able to set appropriate control measures
- Carry out full safety inspections and audits within workplaces
- Provide adequate information, instruction, training and supervision for all employees within the workplace
- Investigate all incidents involving injury or damage in order to determine the causes and to take appropriate remedial actions
- Communicate effectively on Health and Safety issues with superiors, employees, and Health and Safety professionals
- Understand the main legal requirements relating to employers and managers and to act to fulfil these obligations

Successful candidates are awarded the NEBOSH National General Certificate

Duration

12 days including 2 exam days to undertake a written and practical exam

Examination

Two written papers with a practical safety inspection and report

Location

Either at our premises on Stafford Technology Park or at one of a number of selected venues around the UK – see the 'Upcoming Courses' information for locations. Courses can also be provided at your business premises for a maximum of 10 delegates.
